General Risks

Investors should carefully consider the Fund's investment objectives, risks, charges, and expenses before investing. This information is included in the Fund Prospectus should be read carefully before investing. The Prospectus is available through the Prospectus link on the Primark website: [Primark Prospectus](#). Please read the Prospectus carefully.

An investment in the Fund is subject to, among others, the following risks:

- The Fund is not intended as a complete investment program but rather the Fund is designed to help investors diversify into private equity investments.
- The Fund is a "non diversified" management investment company registered under the Investment Company Act of 1940.
- An investment in the Fund involves risk. There can be no assurance that the Fund's strategy will be successful.
- Shares of the Fund are not listed on any securities exchange, and it is not anticipated that a secondary market for shares will develop.
- Shares are appropriate only for those investors who can tolerate a high degree of risk, and do not require a liquid investment.
- There is no assurance that you will be able to tender your shares when or in the amount that you desire. Although the Fund will offer quarterly liquidity through a quarterly repurchase process, an investor may not be able to sell or otherwise liquidate all their shares tendered during a quarterly repurchase offer.
- The Fund's investment in private equity companies is speculative and involve a high degree of risk, including the risk associated with leverage.
